

CLARISSE CRISOSTOMO

Data Analyst | SQL • Python • Excel • Business Intelligence

ccrisostomo1631@gmail.com | 0995-492-7563 | [LinkedIn](#) | [Portfolio/GitHub](#) | [Online Resume](#) | Malolos City, Bulacan

PROFESSIONAL SUMMARY

Data Analyst with nearly four years of experience supporting data analysis, reporting, and process improvement initiatives. Experienced in collecting, validating, and analyzing data to generate actionable insights and support business decision-making. Skilled in SQL, Excel, Power BI, and data visualization, with hands-on experience building end-to-end analytics projects.

TECHNICAL SKILLS

Data Analysis: SQL, Excel, Python (basic), Data Cleaning, Exploratory Data Analysis, Reporting

Visualization: Tableau, Power BI

Tools: MySQL, Meltwater, GitHub

Analytics: KPI Tracking, Trend Analysis, Performance Analysis

Research & Data Collection: Data gathering, Boolean query research, information validation

PROFESSIONAL EXPERIENCE

Data Analyst | GGMC

Apr 2025 – Present

- Analyzed football match statistics, team performance metrics, and betting market data to identify trends and insights.
- Performed data validation, research, and Boolean query testing in Meltwater to improve data quality, search accuracy, and monitoring effectiveness.
- Developed reports and insight summaries by transforming raw data into actionable findings for stakeholder decision-making.

Data Analyst | Caspo Incorporated

Jul 2022 – Dec 2024

- Analyzed and organized datasets to support reporting, research, and data-driven decision-making.
- Prepared reports and data summaries by cleaning, validating, and interpreting information from multiple sources.
- Identified trends and patterns in data to support business insights and improve reporting outputs.

PROJECTS

Premier League Analytics Project

- Designed and implemented a relational database using MySQL to analyze Premier League match data.
- Performed data cleaning, transformation, and feature engineering using SQL.
- Created SQL views and analytical queries to examine team performance, scoring trends, home advantage, and league statistics.
- Developed interactive Power BI dashboards featuring KPIs, filters, and visualizations to communicate key insights.
- Documented the project and published the code on GitHub as part of a professional analytics portfolio.

Education

Bulacan State University

BS Mathematics with specialization in Applied Statistics

Magna Cum Laude

DOST-SEI Scholarship Merit Recipient (2018-2022)

Leadership

Mathematics Society (MathSoc BulSU)

- Coordinated with committees and organization members to plan seminars, webinars, and events with local and international professionals.
